Dear 6th Grade Parent/Guardian:

Your student will be issued a Chromebook to use for the 2019-2020 school year. This laptop will enhance your student's learning, as technology is integrated into classroom instruction. The laptop is provided to help students learn "hard to teach" concepts and practice skills needed for academic success. It provides the most current research and information and helps your child learn 21st century skills.

Students will be given clear instructions on the proper use and care of their Chromebooks and will be expected to follow the MAMS Acceptable Use Policy for laptops. Students will be billed per incident for damages that they are responsible for:

1st incident	\$10
2nd incident	\$25
3rd incident	\$50

---

Your student will be using [Adobe Spark](https://spark.adobe.com/) (<https://spark.adobe.com/>) to create book trailers in 6th grade Learning Commons classes this year. Spark is a free web-based tool that allows students to create high-quality videos and works especially well on Chromebooks. We will be setting up school accounts for students. Please contact Karen Silverman ([silvermank@link75.org](mailto:silvermank@link75.org)) if you have any questions.

---

Please sign and return this form no later than **Tuesday, September 2, 2019** to acknowledge you have been informed about this policy.

Student Name(s): \_\_\_\_\_

Parent/Guardian Signature: \_\_\_\_\_

Date: \_\_\_\_\_
