### Conditional Eligibility Process

- If this form *is* fully completed, the student will be eligible to **practice and compete** the following week.
- Students will receive a blue slip to give to their coach they can play in games the next week (including Friday night game). If this form *is not* turned in or not fully signed, the student will be able to practice **but not compete** the following week.
- If a student is part of a club, they may not participate in meetings/events unless this form is completed.
- This process begins again the following week until the student regains full eligibility status at the next checkpoint (see below).

### Checkpoints

A conditionally eligible student can be reinstated to fully eligibility status with *more than 80%* of their Work Habit scores as 3's and 4's at **progress report time** or **end of quarter report card**.

A student can become conditional eligible based on having *less than 80%* of their work habit scores as 3's and 4's for the end of quarter report card (or Q1 Progress Report). Eligibility can only be gained, not lost at progress report time (except Quarter 1).
